

③

```
#include <stdio.h>
```

```
#include <unistd.h>
```

```
int main() {
```

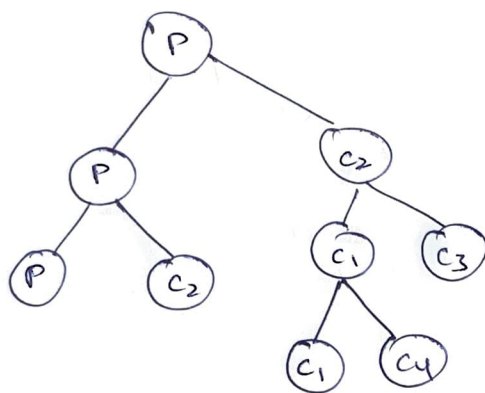

```
    if (fork() || fork()) {
```

```
        fork();
```

```
        Print ("i");
```

```
        return 0;
```

```
    }
```

This program prints

'i' 5 times
